Time to talk

Each week in school, the classes have a discussion point to share their views.

This would be a fun thing to talk about in your family this week.

Virgin Galactic, owned by Sir Richard Branson, are one of the first companies intending to make space travel accessible to the public. The company have seen a big increase in the demand for the tickets for flights to space. The company said it had received almost 8,000 registrations of interest for future commercial flights!

Picture News

23rd-29th March

Do you think that space tourism is a good idea?

Home learning

Children should be doing a little work every day at home from their work packs which were sent home on Friday. On Monday 30th, I will upload more work onto the website and also email you with the work.

No public Masses until further notice.

May Almighty God bless your health and that of your family members, on every day the school must remain closed.

Fr. Con

Exercise

It is really important for mental wellbeing to keep exercising during these times of social distancing and/or isolation. Joe Pike has an exercise routine which he will be broadcasting on YouTube every morning at 9am for all school children. This would be a fun way to start each day (for adults and children alike!) and doesn't require much space as it is intended to be done inside.

*Have a good week and stay safe,
Mrs Day*

If you need to get a message to the school, please email or text the school mobile number. Please do not ring this number as it will not be answered.
